Judith Rohatiner MIS

Full Stack Engineer @opentowork @Freelance | Web Development,
UI/UX

Miami-Fort Lauderdale Area

Summary

With over 15 years of experience as a Full Stack Developer, I am skilled in the latest technologies and have a strong foundation in programming. I have worked in a variety of environments, including agencies, enterprises, and startups, delivering high-quality web and mobile applications that meet the needs and expectations of diverse clients and users.

I am currently a Freelance Full Stack Engineer, leveraging my expertise in enterprise app development, machine learning, and artificial intelligence. I am also a Google Certified Speaker, sharing my knowledge and insights on various topics related to software engineering and digital innovation. I am highly motivated and results-oriented, with a strong work ethic and a passion for learning new technologies and solving complex problems. I thrive in collaborative team environments and enjoy working towards common goals.
